

Caring for your  
loved one is our  
passion.

# A new standard in homecare and outreach services.

At Woodbrook Care, we understand how users of our service and their families struggle to cope with many challenges everyday.

We task ourselves with the job of alleviating that stress and pressure. We empower our clients to maximise their own abilities and their standard of life to the benefit of themselves and all who care for them.

## Our staff will make all the difference to you.

Welcoming someone into your home can be a challenge for many clients and their families.

Not only do we ensure that our staff have the skills and experience to make a difference, we recruit individuals with compassion and attitude that helps everyone get on and make progress.

# Specialism 1

## Multiple Disabilities

We have specialist team members that focus on clients with severe and profound learning disabilities.

- Autism
- Down Syndrome
- Intellectual Disability

# Specialism 2

## Progressive Disease

We help clients with degenerative comorbidity and life-limiting conditions enjoy more time at home.

- Cystic Fibrosis
- Dementia
- Multiple Sclerosis

# Specialism 3

## Complex Needs

Our highly trained teams can cater for any individual, no matter how complex their needs.

- Neurological Injuries
- Impaired Mobility
- Community Transition Support

# What sets us apart are our innovative person-centred services that meet the needs of the individual.

We understand that each of our clients has different needs. Our team members aim to deliver a bespoke service depending on the needs of the individual so that they get the maximum possible benefit from our services.

When possible, the client is involved in the development of their own care plan. This collaborative approach aims to align the goals of the carer and the client to create an atmosphere geared for successful outcomes.

At Woodbrook, our ultimate aim is to help our clients to get out into the community and make a contribution in whatever way their abilities and circumstances permit.

# Developing State of the Art Facilities to help Individuals with Intellectual Disabilities reach their Potential.

For decades in Ireland, there has been an absence of investment in facilities catering for individuals with special needs. That's why we have taken it upon ourselves to develop the Woodbrook Centre of Excellence at The Aske, Shankill in South County Dublin.

This state of the art facility will provide a wide range of therapies and treatments on both an outpatient and inpatient basis. In these surroundings, some of Ireland's leading experts in their fields will be empowered to achieve the best outcomes for our clients.

If you would like to learn more about this project or would like to get involved in some way, please contact us or check out our website. We would love to hear from you.

# Why Choose Us?

Choosing a care provider for yourself or your loved one is a big decision. Getting it right or wrong can have a profound impact in terms of longer term outcomes.

Our core values, which are as follows, ensure we stay focused on the goal of delivering the best possible care to our clients:

- Professionalism
- Perseverance
- Client Focus
- Innovation and Adaptability
- Passion

These values, combined with great carers and the best of facilities, mean you can be confident that you've made the right decision when choosing us.
